Computer Engineering student passionate about developing solutions through technology, research, development, and creativity through web projects, data analysis, and design.

EDUCATION

Universidad de Especialidades Espíritu Santo (UEES) Guayaquil, Ecuador
Computer Engineering 2024 – 2028

- **Overall GPA:** 90.09 / 100.
- **Honors:** First Place Worldwide, SpaceHack 2025 (University of Arizona); Third Place, WiDS Datathon 2026 (ESPOL).
- **References:** Lohana Lema, Program Director of Computer Engineering, UEES - lohanalema@uees.edu.ec

Universidad Católica Santiago de Guayaquil | UEES Guayaquil, Ecuador
Courses in Animation and Digital Marketing 2022 – 2023

EXPERIENCE

Universidad de Especialidades Espíritu Santo Guayaquil, Ecuador
Teaching Assistant - Fundamentals of Programming 2025

- Mentored over 10 students during a semester in practical Python exercises through reinforcement sessions on control structures, functions, arrays, and additional libraries.

PROJECTS AND ACHIEVEMENTS

SpaceHack 2025 - Universidad de Arizona Tucson, EE. UU
First Place Worldwide 2025

- Designed and developed a food security application prototype that processes Google Earth Engine satellite images for verification of climate risk areas.
- Built the complete UI in Figma, defining the mobile app views.

Women in Data Science (WiDS) Datathon - ESPOL Guayaquil, Ecuador
Third Place 2026

- Developed an evacuation route optimization model for wildfire events in Guayaquil, integrating real-time data from NASA FIRMS, Open-Meteo, and OpenStreetMap over the city road network using OSMnx.

SpaceHack 2026 - Universidad de Arizona Tucson, EE. UU
Participant 2026

- Developed a web prototype for news verification that cross-references GEE satellite data with data analysis to detect climate change disinformation, particularly regarding glacier melting.

Infomatrix - UIDE Quito, Ecuador
Silver Medal 2020

- Produced an animated short film on food health in Adobe After Effects and Illustrator.

SKILLS AND INTERESTS

Languages and technologies: Python, Java, JavaScript, C#, SQL, PHP, Laravel, React, Node.js, Git, Pandas, Matplotlib, Bootstrap

Design: Figma, Adobe Photoshop, Adobe Illustrator; illustration, prototyping

Certifications: AWS Cloud Architecting Badge, Adobe Photoshop, Adobe Illustrator

Tools: Excel, Word, PowerPoint, Adobe Suite, Android Studio

Languages: Spanish (native), English (B2 - Cambridge Certification)
